## **JIVA HILL GOLF CLUB**

Just minutes away from Geneva, the Jiva Hill Golf Club offers an ultra-sophisticated course which is playable all year round. It enables beginners and experienced golfers to indulge their passion in unique surroundings.

So come to play on the permanent grass... be among the first to join the legend! Become a member!

The Jiva Hill Resort offers a 5-star luxury hotel, a wellness centre with a Carita Spa and swimming pool, a gourmet restaurant, a lounge bar, a complete heliport, a world-class water-skiing centre, a private riding stable, two tennis courts, a handball and basketball court and a heath and jogging track.

The Jiva Hill takes place on the edge of the Jura Natural Park Reserve, at the entry of Crozet (Monts Jura ski resort), a stone's throw from Geneva, facing the Alps and the majestic Mont-Blanc. It offers a magnificent and extremely varied 9-hole course with double tees and greens in synthetic grass.

One of our main criteria in carrying out this modern and atypical project is to make golf accessible to beginners while conserving its technical character for experienced players.

Thanks to its revolutionary concept of tees and greens in artificial grass, the Jiva Hill Golf Club will remain open throughout the year and allow golfers to indulge their passion without any limit.

## 2012 RATES

The Jiva Hill Golf Club in Crozet is opened for:

- members of the Jiva Hill Golf Club association
- outside players

A golf course authorization or a green card is required for access to the course.

The golf etiquette (dress code) must be respected.

## THE GOLF COURSE

### **A INNOVATIVE COURSE**

The Jiva Hill Golf Club in Crozet is a 9-hole course with 18 tees. The first five holes are situated at the feet of the Jura Mountains and the last four holes are along the pond of water-skiing and benefit from a fantastic view over the Mont Blanc. Constituted of 14 par 3 and 4 par 4, the distance for the entire course is 3088m.

It is a precursor Golf Course as it is the first 9 hole course in France and in Europe to present tees and greens in synthetic material. The course has been built by Golf & Paysage, currently France's leading golf course constructor, and designed by Yves Radal with the participation of Mr Hugues Lambert, architect.

Two tees per hole will enable golfers to play the same hole from two different perspectives, with difficulties varying in function of the place of bunkers around the greens. Three hole positions per green will allow the position of the flags to be changed from day to day.

The course will be open throughout the year, and in winter it will be possible to play on real tees and greens, unlike on other courses in the region which have temporary winter tees and greens.

## **DRIVING RANGE**

### **TRAINING AREA - PRACTICE AND PROGRESS**

Come and practice all year round in our training area.

This includes a large practice area of 250 metres, a 4-slope base in ultra-innovative synthetics to work on the long shots in all positions. An approach area with different slopes and bunkers will allow you to improve your short game, and a large green will help you perfect your putting.

### **THE SYNTHETIC REVOLUTION**

Professionals rely on Southwest Greens and the quality of their greens.

The greens have the particularity of cushioning the ball while at the same time conserving an excellent rolling capacity when putting. Pitch marks on the green are non-existent. No treatment of the greens, no health defects to be repaired, just regular greens throughout the year. The drainage has been conceived and installed to allow optimal playing conditions. Our synthetics greens are built with fully recyclable materials. They are perfectly integrated in the course and they don't need watering and fertilizers.

### **THE PRACTICE**

Facing the Monts Jura, the driving range of 250 metres has been reshaped and drained. 20 places within 8 covered places to play in wet weather, a bunker for the long output and a putting green of 250 sq meters enlightened.

### **THE PITCH & PUTT**

A beautiful area with excellent back approach to work small, medium and long approaches.. The configuration of the land enables you to work on all possible shots.

- Two practice bunkers
- An undulating base to practice sloping approach shots
- Two large synthetic bases for group lessons
- A synthetic base for pitch shots
- And another for chip shots.

The 18 flags are positioned in such a way as to provide a large choice of approaches. The green is on two levels, with a total surface of 600 square metres. Expert putters, especially in long putts, will be more than satisfied.

## TEACHING

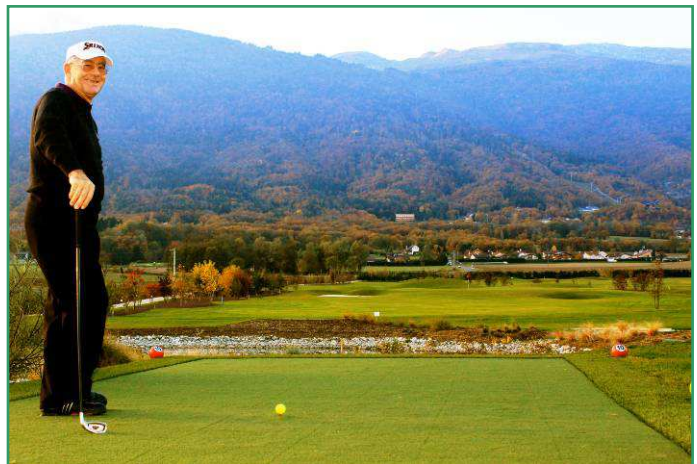

### PRIVATE LESSONS

**Guy Martin**, our Head Pro, thanks to his experience and skills, will help you to love this game that will quickly become your favorite sport!

Guy Martin, Head PRO PGA Swiss and PGA France can make you get your green card or authorization journey to Switzerland.

Lessons will be proposed according to the player:

- private lesson
- group lesson
- junior lesson
- internship

### BAPTISMS AND INITIATIONS

Offer your friends the discovery of golf at the Jiva Hill Resort!  
Baptisms and initiations (1h30 or 2h)

### COMPANIES SHOTGUN

For your meetings and incentives, let your colleagues discover this sport with our initiations of 2h or 2h30 with possibility of small-competition.
